

Welcome to Mrs.
Wolfe's
5th Grade Class!

Your Child Will Come to My Class For:

- Science
- Math A
- Math B

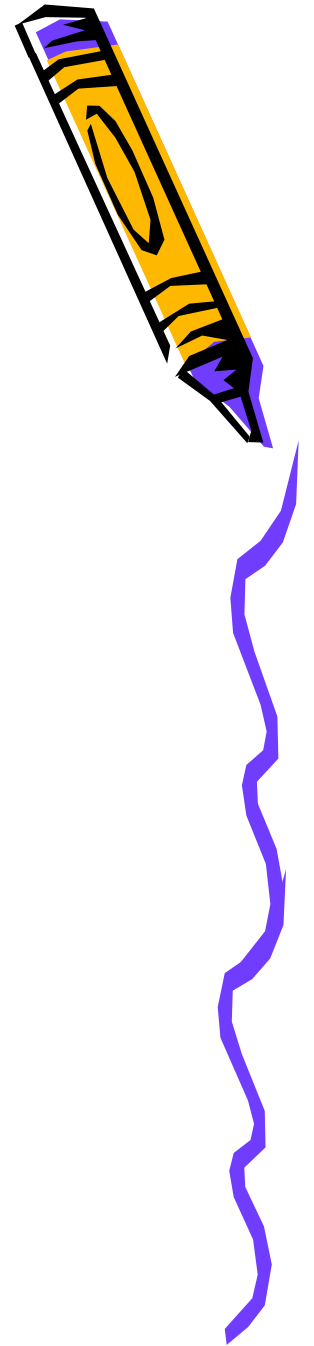

CURRENT UNITS OF STUDY

- Science – Solar Energy
- Math A and Math B -
Data and Statistics

A Day in the Life of a Fifth Grader

- 9:00-10:00 science
- 10:00-11:00 math B
- 11:00-12:00 recess/lunch
- 12:00-1:00 specials
- 1:00-2:15 language arts
- 2:15-3:00 social studies

Homework

- Homework is assigned nightly except on Friday.
- Unless the assignment board indicates a later due date, assignments are due the next day.
- I do accept late homework, but it counts toward weekly learning skill grades.
- Extracurricular clubs, classes, etc. can not excuse missed work.

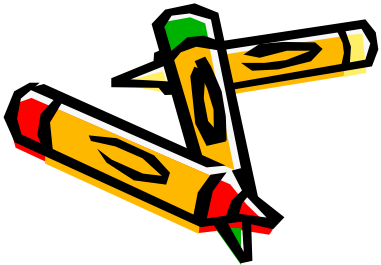

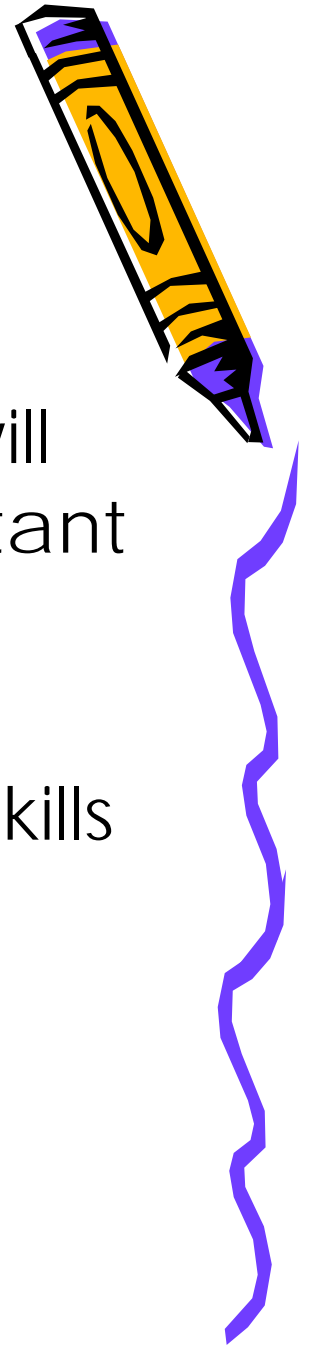

Each Friday

Home/School Communication folders will be sent home each Friday with important papers and graded work.

Included in the folder will be a Learning Skills Report with your child's learning skills grades for the week.

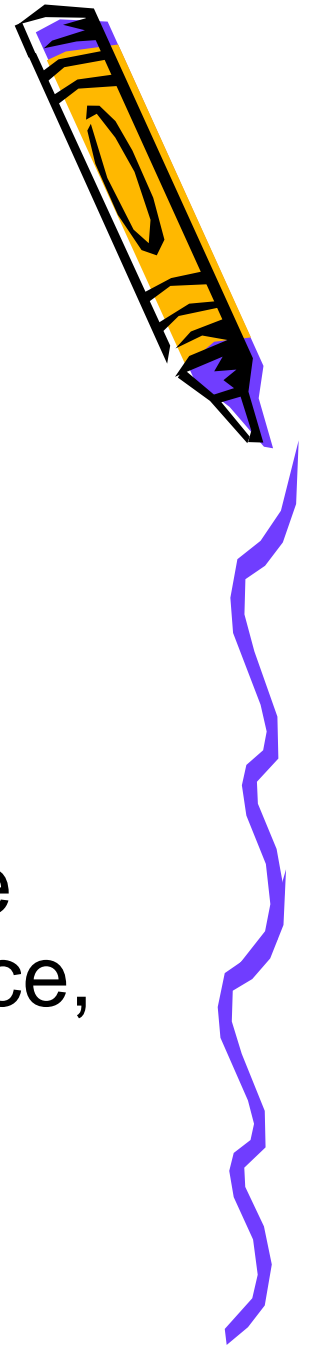

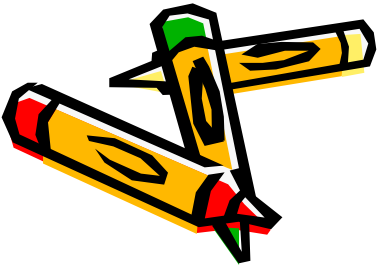

Please sign and return each week.

Other Communications

- Weekly Wolfe notes
- Biweekly student letters
- Emails are always welcome
- Scheduled conferences

I'm happy to speak with you. Please contact should you need a conference, and sign up for November!

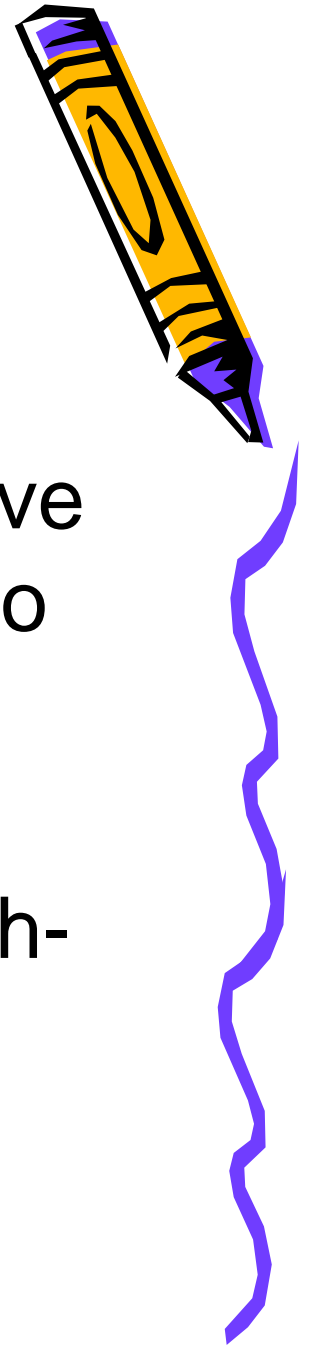

STUDENT ABSENCES

- Please try to arrange vacation during designated vacation days.
- Should your child have an unexcused absence, I will try to help with work upon his or her return.
- I'll try to let you know in advance if I'm going to be out of school should you be looking for a day for an appointment, etc.

Math-N-Munches & Read-N-Feeds

- The building of a strong and supportive classroom community is paramount to the success of all children.
- By working together as a classroom community, we'll be able to earn Math-N-Munches & Read-N-Feeds!

Thank you for helping us to have such a phenomenal beginning!
